

# The posters on the pages below are designed to help you promote your fundraising efforts.

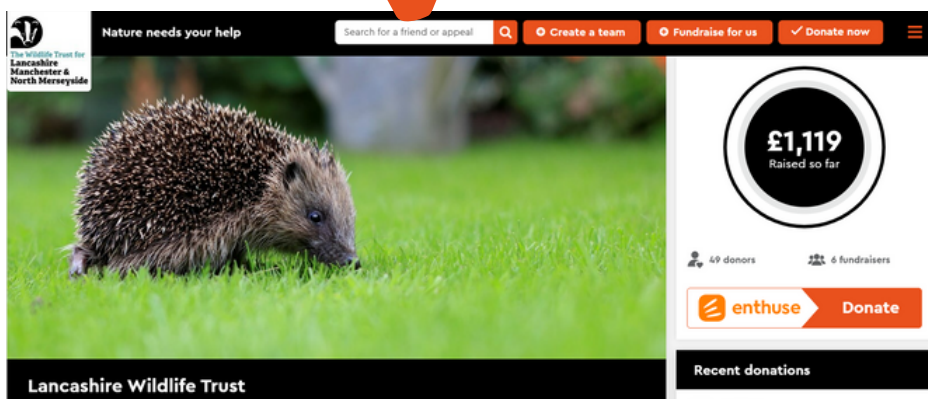

The QR codes on these posters will take people through to the Lancashire Wildlife Trust's fundraising page on Enthuse.

Once there, all your donors will need to do is search for your name in the search bar at the top, where they'll be taken straight to your fundraising page to donate to your fundraiser.

On mobile, your donors will need to click the menu button at the top right, and the search bar will appear where they can type in your name and donate to your page.
