- Would you like to earn some extra income by doing something that you really believe in?
- Do you have around 15 hours a week to spare, primarily during weekday evenings?
- Following the tried and tested “Soft Approach” formula, the post involves walking around the more prosperous streets in your local area (and beyond), asking residents a simple yes/no question, and leaving information booklets about Lancashire Wildlife Trust with interested people.
- The work combines outdoor exercise with good potential earnings. No selling involved.
- You will be working for FMR Solutions Ltd, a specialist wildlife charity Membership Recruitment agency, on behalf of the Lancashire Wildlife Trust.
- Typically, the work is seasonal, March-October inclusive. However, some of our Local Fundraisers also work through the winter months.
- You will have good all-round communication skills, be able to work on your own without supervision, be socially confident in a wide variety of situations, and be good at organising your time and motivating yourself.
