

The Wildlife Trust for Lancashire, Manchester and North Merseyside

Recruitment Pack 2019

About Us

Our wildlife has declined by 60% in the past 50 years and people are becoming more disengaged with their local wild places. We are a membership organisation, and we could not continue our work without our members support.

We are part of the Wildlife Trusts movement, the UK's leading conservation charity dedicated to all wildlife. We are your local charity, working hard to improve your local area for wildlife and for you.

The Wildlife Trust for Lancashire, Manchester and North Merseyside was founded in 1962 by people who knew they needed to take action.

We are now the largest nature conservation body in the area working at a grass roots, local level whilst also being part of a strong cohesive national movement.

We work to protect wild spaces, and re-introduce key species, protecting the biodiversity of our area so that nature can recover.

We work in partnership with other organisations, community groups, landowners and key decision-makers to inspire them to work with and for nature.

We have the powerful voices of over 28,000 members, whose invaluable support we simply could not do without.

We have an army of 4,000 volunteers alongside our team of 180 staff working across all areas of our charity to make a difference.

We are passionate about inspiring people of all ages, with over 20,000 children reached each year through our education activities, and hundreds of thousands of people each year through our visitor centres, events and reserves. We are leaders in utilising nature to improve the health and wellbeing of all.

Our Vision

To create a region rich in wildlife for all to enjoy, keeping nature at the heart of everything we do.

Our Mission

To support nature's recovery by reconnecting and restoring wildlife and habitats on land and at sea, inspiring people to value and take action for wildlife.

Our Aim

To lead the way for nature's recovery and connect people with nature on their doorstep. We want to create an environment where wildlife can thrive without threat and ensure people value the importance of nature to their health and wellbeing.

Our core objectives

- To protect, create and enhance wildlife in our region, creating living landscapes and living seas
- To stand up for wildlife and the environment
- To inspire people about the natural world and encourage everyone to take action for wildlife
- To foster sustainable One Planet Living, where the functioning of the natural environment is appreciated as essential for supporting life
- To ensure our work is based on knowledge and sound evidence
- To be recognised and respected for our work
- To grow our resources and increase support for our mission
- To ensure the organisation is effective and fit for purpose

Our Reserves

We have saved many special places, acquiring and managing many of them as nature reserves—we look after over 1,288 hectares of havens for rare and threatened species and habitats.

We also have 6 offices based across Greater Manchester, North Merseyside, West Lancashire, East Lancashire and North Lancashire. Our Head Office is based on the outskirts of Preston.

Our Work

The Trust works across Lancashire, Manchester and North Merseyside to create a strong network where nature can thrive and people can benefit. Our core conservation work includes land management, advocacy for the natural world with key decision-makers, species re-introduction, protecting threatened species and collecting essential scientific data. We do this on land and at sea to create Living Landscapes and Living Seas.

We are also passionate about inspiring and engaging people of all ages about the natural world, because we firmly believe no one will protect something they don't care about. We work all over our area with schools, colleges and community groups, running inspiring sessions covering everything from Forest School and orienteering to Wild Family and Nature Tots sessions. We also work in schools, delivering environmental education and helping improve school grounds. Our education team are leaders within the Wildlife Trust movement.

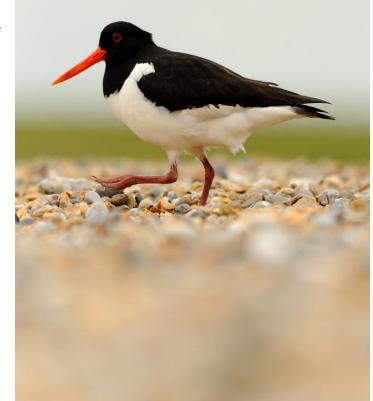

We are also leaders in delivering natural wellbeing. Our ground-breaking partnership with the NHS, MyPlace is making a huge difference to the way young people with mental health issues are able to seek help, and the positive impacts to date have been phenomenal.
