Statement
This risk assessment is designated to inform readers of the general measures the WLT will be employing in order to minimize the risk of coronavirus transmission on all sites and during its activities. It is the aim of the Trust to ensure all sites and activities are individually assessed to ensure actions beyond this over-arching risk assessment are considered and implemented where necessary.

Documentation
LWT First Aid and Coronavirus Guidance
LWT COVID-19 – Hygiene and Sanitation in the Workplace Guidance
LWT Sanitising Vehicles Guidance
LWT Coronavirus Workplace Risk Assessment Procedure
Coronavirus Volunteering Guidance and Risk Assessment Procedure _V2

Pre-requisites
As a minimum standard, the Trust will operate in line with all relevant government law and COVID-secure guidance
Employees who can conduct their work from home will be encouraged to do so
All existing workers will follow new working requirements as outlined by their respective risk assessments and RAMS
The term ‘Staff’ will refer to both paid employees and volunteers
This and other risk assessments will be reviewed at frequencies where relatable updates in government guidance are provided
All staff and visiting public are asked not to come onto Trust sites if they are displaying symptoms of COVID-19

| **Trust Activities – Indoors**            | Airborne           | • A minimum of 2m social distancing instructed at all offices and facilities, adhering to government restrictions  
• All meetings should be conducted using digital platforms  
• Work areas will be risk assessed to ensure safe staff numbers are managed. Each site is to identify a lead to manage site users: LWT Coronavirus Workplace Risk Assessment Procedure & Coronavirus Volunteering Guidance and Risk Assessment Procedure _V2  
• Staff to have a return to work session with line managers so they are clear on the new systems operating in their workplace  
• Staff will be assigned specific work stations which are set at a minimum distance of 2m apart and away from regularly used routes (toilets, kitchens, printers, etc.)  
• One-way systems will be introduced where work space is limited and social distancing cannot be applied on routes to facilities (toilets, kitchens, printers, etc.)  
• Signs will be erected reminding those present of the risks and management measures in place  
• First aid staff are provided with guidance for managing coronavirus risks and are provided mask and gloves to reduce transmission during treatment: LWT First Aid and Coronavirus Guidance |
| **Contact Surfaces**                      |                    | • Cleaning procedures are to be set in place and specific to the working environment: LWT COVID-19 – Hygiene and Sanitation in the Workplace Guidance  
• Staff will be provided with and encouraged to use washing facilities and hand sanitizing products  
• Where possible, different entry points to buildings will be used to limit the number of staff entering and exiting through a single door  
• Doors will remain open where possible. Fire doors will remain shut |
- Staff will be assigned set work stations and equipment - Hot desking is not permitted
- Staff are encouraged to bring packed lunches into work to avoid the use of communal kitchens
- Signs will be erected reminding those present of the risks and management measures in place
- First aid staff are provided with guidance for managing coronavirus risks and are provided mask and gloves to reduce transmission during treatment: LWT First Aid and Coronavirus Guidance
